Andrew,

Ok. If it's just a timing issue, I can work with that.

Thanks for clarifying.

Hi Lorena,

The funding is not the concern, as the CAC has sent the funding to DCA. The hold-up is the contract process. Unfortunately, contracts over \$25,000 need to go through this review outside of DCA's offices. I inquired about splitting the contract into two services each under \$25,000, but was informed this is not an option, as the contracts would be for the same vendor and service.

For exact details regarding the contract process, I am happy to arrange a conference call with Don, if that would be helpful.

Best

I do not have the funds in my budget to cover the expenses nor approval from my board for such a large expense.

Having said that, I am able to temporarily cover the expenses until the funding comes through.

Please confirm that the funding is secure. I am reluctant to sign any contracts without that reassurance.

Thank you for your understanding.
